HANDHOLDS ON CARS

MOST OF THE INDIANA ROADS HAVE

Foreign Cars Not Properly Equipped to Be Supplied with Safety Appliances at the Owners' Expense.

COMPLIED WITH THE LAW.

Dating from to-morrow, all of the trunk lines, and a majority of the Central Traffic Association and Western lines, will not handle cars which are not equipped with grabirons to conform to the interstate-commerce act. A majority of the roads have completed the work of so equipping their cars, and a large number have given notice that its meeting held in New York on Oct. 18, as follows:

"Whereas, It will be impossible to have all cars returned in time for each railroad to comply with the law requiring all cars to be equipped with handholds or grab-irons and drawbars raised to a certain height; therefore. "Resolved, That it is the sense of this association, that, after the law takes effect, each railroad equip all cars belonging to any railroad company with handholds or grabirons and raise the drawbars to proper

the prices agreed upon by the Master Car Builders' Association." Most of the Indiana roads have conformed to the requirements of the interstate-commerce act, and will at once commence to equip foreign cars which may come to them which have not been equipped, with grabirons, etc., in accordance with the above resolution. The Panhandle has appointed inspectors to look specially after cars of foreign roads and see that, before being Baldwin-build eng placed in trains on their lines, they are road yesterday, c made to conform to the law. It is stated & Choctaw road. that some roads have been unable to obtain the size of iron required for grabirons, etc.,

and consequently have been unable to com-

ply with the law. Will Keep Ahead of Britishers. The New York Central & Hudson River the time of the Empire State express telegraphing from Mr. Summers, being one twenty-five minutes from New York through of his first operators. to Buffalo. The action has been taken on account of a report that within the last sixty days a railroad company in Great son system will be composed of fifteen Britain has scheduled one of its regular members all of whom except the composed of fifteen passenger trains at a speed slightly greater than the average of the Empire State ex-press, and this will place the New York Central again in the lead, and afford still further improved facilities for travel between New York and the continuous chain of cities from there to Buffalo and Niagara Falls. The initial trip will be made on Monday, Dec. 2, when a special with of-ficials of the road and guests will be dis-

patched over the road. Personal, Local and General Notes. Southern roads have notified connections hat all winter tourist tickets to Southern points must this year be of the iron-clad de-

The Big Four lines proper earned in the first three weeks of November \$832,636.66, an ncrease over the corresponding period of 1894 of \$17,926,86. The Columbus & Hocking Valley Bene-ficial Association will change its by-laws so

that it will be possible to have benefits paid of \$250, \$500 or \$1,000. It is stated by passenger men that the low holiday rate given between stations for Thursday developed the largest Thanksgiving traffic ever known.

The reorganized Erie company will spend a large sum of money in enlarging its shops at Kent, O., making them the most important shops on its lines. On Monday the Indianapolis & Vincennes will change time, the morning train leaving at 8:05, instead of 8:15, and the afternoon train at 4 o'clock, instead of 4:20.

W. H. Wheatley, agent of the Big Four Mr. Wheatley has been agent of this company at that point since June 4, 1864. E. O. McCormick, passenger traffic manager of the Big Four lines, was in the city, returning yesterday from Larayette, where he spent Thanksgiving with relatives. C. W. Elner, ticket agent of the Pennsyl vania lines at Richmond, Ind., who, accompanied by his wife, has been off on months' pleasure trip, returned yesterday. The Ohio Southern this week received from the Baldwin locomotive works six large freight locomotives, and the company

s now in excellent shape to handle coal A working model of the American audible block signal, recently placed on the Chi-cago & Eastern Illinois has been taken to New York, and is attracting much attention from capitalists and railway officials. J. Q. Van Winkle, general superintendent of the Big Four lines, like the head officials of the Pennsylvania lines, has given strict orders that no minors are to be employed in the yards, about stations or in the trans-

portation department. William Garstang, superintendent of mo-tive power of the Big Four lines, returned yesterday from Atlanta. He says the ex-hibit of locomotives is a very good one, but by no means on a par with that at the vorld's fair in Chicago.

The New Erie railroad took hold yester day. There will be no change in the N. Y., P. & O., except in name, a circular issued appointing all the old division heads and all officers, agents and employes being retained in their positions.

The Chicago & Alton, the Chicago & Rock Island and the Chicago, Burlington & Quin-cy have filed formal notice of withdrawa from the old Western Passenger Lines Association, which means that it will pass out of existence the first of the year. James Sanderson, who for some years has been cashier of the Toledo, St. Louis & Kansas City at Marion, has left that road

handle, Marion having become a very important station for the Pennsylvania Com-Pittsburg Post: "The progress made by the Big Four passenger department since E. O. McCormick was appointed passenger traffic manager is something wonderful. The road is now recognized as one of the best lines between New York and St. Louis.

and taken a similar position with the Pan-

To lighten the Knickerbocker express through the winter months, the Big Four will to-morrow take off its local Wagner sleeping car running between Indianapolis and New York. Half of the St. Louis sleeper will be reserved for Terre Haute and Indianapolis.

In a circular just published by Hambleton & Co. on the affairs of the Baltimore & Ohio, the statement is made that the Garrett estate is still the largest holder of the B. & O. stock, and that the securities are need more largely abroad than in Baltimore

and New York. After Jan, 1 the Western roads will use what is known as the bunch description form of mileage. The books will be for 2,000 miles, and will be sold for \$50, with a rebate of \$10 when the cover is returned. It is expected by this plan the scalping of mileage books will be prevented.

The Vandalia is applying the pruning knife to its divisions, aside from the main line, wherever possible, consolidating the position of agent with that of telegraph operator. This step will cause a number of changes on the Logansport and Peoria di-visions, taking effect to-morrow.

There is a good deal of rivalry between citizens of Muncle and of Eaton, Ind., over securing the terminal of the Chicago, Indiana & Eastern. It is understood that new parties are to take hold of the enterprise and extend the line to several important towns in northeastern Indiana. The Chesapeake & Ohio railroad will expend \$2,000,000 at Richmond, Va., in terminal improvements, including a new union station. It is understood that in building the union station the Southern railway will be interested, as the same capitalists, in a large measure, own the interests at that

The net earnings of the Atchison system proper for the month of October were \$1,316,769, a decrease of \$222,554. For the four months from July 1 to Oct. 31 the net earnings of all of the lines of the system were \$3,023,713, a decrease ohf \$438,455 from the same months of the preceding While other roads are abandoning the

chain-gang system of running engines and chain-gang system of running engines and crews, the Ba...more & Ohio has just introduced it on its transohio division, deeming it the easiest method of handling trains for the crews when business is heavy. When business is light it does not so evenly distribute the pay of the train crews. An item published recently, in which it was stated that an engine on the Philadelphia & Erie division of the Pennsylvania line had run 237,000 miles without going to the shop for repairs, stirred up one of the Panhandle master mechanics, who says that engine 110, on the Panhandle, has run 350,000 miles without going to the shop for repairs, and is still making fast time with a heavy train. This engine was built at the Juniata shops, in 1892, and is of the Class P type.

In addition to running 186 miles daily, when pressed for power the company has used it on extra trips.

A. M. Shoyer, superintendent of telegraph and signals on the Pennsylvania lines west of Pittsburg, has just completed his annual inspection trip, and as a result he will recommend the putting in of several more interlocking and signal plants. The telegraph and signal party were nearly three weeks on their inspection trip, which is made once

The Cleveland Leader claims that the oldest railway official in this country in age and period of service is Addison Hills, as-sistant to the president of the Lake Shore road, who recently celebrated his eightyeighth year, and has been in rallroad service sixty-eight years. His son, Lucien Hills, who died a few years ago, was for many years general freight agent of the Bee-line. Engine 627, on the Big Four, yesterday, when running fifty-five miles an hour, broke both its side roads. Edward Taylor, the engineer, and Harry Taylor, the fireman, were slightly injured. The engine is the last purchased by Norman Beckley when genthey will comply with the resolution passed Michigan, and is the Brooks standard. The by the American Railway Association at accident occurrerd a few miles south of

The gross earnings of the Burlington system for the month of October were \$3,-423,792, an increase of \$313,000 over the same month last year. The net earnings were \$1,583,893, an increase of \$19,400. The surplus for the month was \$768,893, an increase of \$1,651. From Jan. 1 to Oct. 31 the net earnings of the system have been \$9,712,400, a decrease of \$564,500 from the corresponding period of the previous fiscal year.

A Chicago, Milwaukee & St. Paul official, who was in the city yesterday, says the re-tiring of Mr. Ripley from official service on leight to comply with the law, that may that road is received with much regret by the subordinate officials, as he was much respected and efficient as its vice president. be on their respective roads at that time, and bill against the owners of said cars at He expresses the opinion that the duties of his office will now be divided between the president, Freight Traffic Manager Bird and Passenger Traffic Manager Heafford. One of the best evidences of prosperity with Eastern manufactories is the large quantities of railway supplies now moving westward and the increased number of locomotives passing over the Belt road for Western and Southwestern roads. Orders have been given recently by Southwestern roads for forty locomotives. A very fine Baldwin-build engine passed over the Belt road yesterday, consigned to the Arkansas

Charles H. Summers, chief electrician of the Western Union Telegraph Company, is in the city. He has held important positions with the telegraph company since 1855. Mr. Summers, when a young man, was chief clerk of Robert Meek, then superintendent of the Cincinnati & Indianapolis road. Railroad Company has decided to quicken George Bender, superintendent of the

> have already been selected, and are understood to be the following: R. S. Hayes, Robert Fleming, Victor Marowetz, C. K. Holliday, Charles S. Gleed, George Nickerson, Aldace F. Walker, P. B. Cheney, Edward King, E. P. Ripley, Thomas A. Osborn, Thomas P. Flower and E. N. Gibbs." Ticket scalpers' associations propose to fight the bill intended to prohibit ticket scalping in Georgia. The only State thus far able to successfully prohibit ticket scalping is Pennsylvania. Among general passenger agents belief prevails that when the presidents' agreement becomes effective, not only on the trunk lines and in the Central Traffic Association territory, but eventually on the Western lines, the ticket scalpers will be compelled to quit business, as no road will gain advantage by selling tickets

through scalping offices. A meeting of the advisory committee of the emigrant clearing house was held in Chicago yeste day with Assistant Traffic Manager Hawley, of the Southern Pacific, in attendance. The object of the meeting was to give Mr. Hawley an idea of how the Western lines feel on the matter of emigrant traffic and to see if some method could not be devised by which the troubles between the Southern Pacific and the Western roads can be adjusted. A committee was appointed to submit a proposition to Mr. Hawley, which that gentleman will take under auvisement.

Judge Stevenson Burke, who won the fa-mous eight-million-dollar Hocking Valley railroad suit in the New York Court of Appeals, said at Cleveland yesterday: outcome of that matter never troubled me for a moment. As late as last August I was approached with the proposition to consolidate the Toledo & Ohio Central railway, of which I am president, and the Hocking Valley railroad, I to be made president of the consolidated company. Would they have done that if they had any confidence in their case? I declined. I believe that the Ohio case, brought by the Central Trust Company, will be dismissed."

The contract requires the contractors to complete the Lima Northern, the Lake Erie & Western's northern extension, to Malinta, where connection is made with the Toledo, St. Louis & Kansas City. In the negotiations pending for the Lake Erie & Western to get into Toledo, two plans have been suggested, one to make a contract for the T., St. L. & K. C. engines to haul its trains into Toledo, the other for the Lake Erie & Western to run its own trains with its own crews. Probably the latter plan will be adopted, as it is one of the traits of the management of the Lake Erie & West-ern to run as far as possible, independent of all other lines and all other associations.

M. E. Ingalls, of the Big Four, recently, in speaking of Henry B. Ledyard, president of the Michigan Central, said that the Vanderbilt people looked upon him as one of their best officials and an unusually capable railroad man. On Jan. 1 he will have been in railroad service twenty-five years. He began work in the engineering department of the Northern Pacific road, and in July, 1870, left that line and accepted the position of chief clerk to one of the division superin-tendents of the Chicago, Burlington & Quincy. Two years later he was made assistant superintendent of the division, and in 1873 was appointed superintendent of the Chicago division of the Burlington. In 1874 he went to the Michigan Central road as as-sistant general superintendent and chief engineer, in 1876 he was appointed general su-perintendent of the road, and managed it with so much ability that the Vanderbilts, in 1877, made him general manager of the property, subsequently making him president, and the standing of the Michigan Central at the present time is largely due to his energetic methods and the selecting of first-

class subordinate officers. DAILY VITAL STATISTICS-NOV. 29.

Monday morning, at 10 o'clock, Rev. T. A. Goodwin, D. D., will review "The American Recension of the Revised Version." Rev. Homer C. Ashcraft will read a paper on "The Value of Archaeology to Bible Study." George S. Barsoom, an Armenian who is visiting in the city, will lecture at the Sec-ond Presbyterian Church to-morrow night on the Armenian situation and he will lecture Sunday morning, Dec. 8, at the Plymouth Church, and in the evening of the same day at the First Presbyterian Church.

Columbia League's Entertainment. The Columbian Lincoln League gave a romenade concert at the League Hall, corner of Delaware and McCarty streets, last night. An interesting literary and musical programme was rendered by members of the league, assisted by their friends. P. J. Kelleher, president of the league, recited "Sheridan's Ride." Among those assisting in the musical programme were Mrs. Hilegoss, Miss Kate Gambold, Willard Osler, G. W. Pugh, H. C. Ballard and others. Professor Thompson, in comic recitations, was well received. The second part of the programme was rendered to a great extent by boys and girls ranging from two to fif-teen years old, and consisted of ballads and recitations. Little Helen Bailard, barely old enough to walk, captured the audience with her prayer song, "Heavenly Father." For an encore, she sang the

Father." For an encore, she sang the chorus of "On the Bowery," and received very hearty approval. A Japanese dance, to music from the "Mikado," was given by eight little girls, and voted one of the successes of the evening. The entertainment closed with a ten-minutes' drill by the Carroll Guards, a military organization of lads. They performed some difficult military evolutions with great success. Following the literary entertainment the floor was cleared and two hours devoted to dancing. The league gives similar entertainments each month, and the gatherings are in the nature of a family anair, as only the members of the league and their friends are admitted. The league now numbers about five hundred enthusiastic Republicans. The members were out in full force last night and the large hall was well filled. The regular annual election of officers is announced for Dec. 13.

street, in which this congregation has

CLEVELAND, Nov. 29 .- It is stated that Hon. Tom L. Johnson is about to effect another big street-railroad consolidation, and that on this occasion the scene of action will be held in Brooklyn, where the ex-Congressman and his brother, Al Johnson, control the Nassau-street lines. Mr. Johnson left for the East last night. It is said that the Nassau road has secured a lease of the Brooklyn Traction Company's lines, and the deal is a forerunner of a complete consolidation of the Brooklyn lines into one system under the Johnson management. If the deal goes through it is understood the Brooklyn Traction Company will be reorganized with \$4,500,000

Capt. Brown Applies for a Diverce. PITTSBURG, Nov. 29.—Capt. Samuel 8 Brown, a well known coal merchant and urf man, has applied for a divorce from his wife. It was generally reported to-day his petition had been answered quietly, but nothing definite can be learned. The grounds for the proceedings are put down as desertion. The Captain was married on Oct. 6, 1864, to Lizzie Pollock, daughter of the wealthy Dr. Pollock, of this city. The charges are that in 1865, Mrs. Brown deserted her husband for five or six weeks. In 1869 she again deserted him for six months, when a second reconciliation was effected. She lived with him until some time in 1878, when she left for good. She is now said to be in Europe with her sister, Brown, a well known coal merchant and now said to be in Europe with her sister, who is a noted sculptor. Four children were born to the couple, but all are dead. Captain Brown refuses to be interviewed

on the matter. Workmen Were Heating Coffee. Workmen are employed in tearing down the old factory buildings of Spiegle, Thoms & Co. at East and Pearl streets. Yester-day they built a fire in the basement to heat coffee cans. The fire communicated to the floor above and threatened to de-stroy the entire building. The fire depart-ment had the flames extinguished in five

minutes after arriving on the scene. A Fragrant Breath and Pearly Teeeth Are easily attained, and those who fail to avail themselves of the means, should not complain when accused of gross neglect. The Sozodont will speedily eradicate the cause of a foul breath, beautifying and preserving the teeth to the oldest ag

D., of Boston, will deliver the dedicatory sermon. The new building has been built on the York," on every bottle.

Cured Diabetes.

March 14th, 1895. The Dr. J. H. McLean Medicine Co.,

ST. LOUIS, MO. GENTLEMEN: I desire to express my heartfelt thanks to you for my marvelous restoration to health. I was sick for many years with a bad case of diabetes which made me very thin and weak. I also suffered much loss of sleep, having to get up so many times at night to pass urine, and also great annoyance from thirst that water would not satisfy. A few months ago I began to follow your instructions in regard to diet

and to use

Dr. J. H. McLean's Liver and Kidney Balm. It is a grand medicine. I used three bottles, and, thanks pe to God, am a well man again. I have not felt so good or taken more interest in life for many years. You are at liberty to publish this if you desire, as I would be glad to be the means of calling the attention to victims of diabetes to a remedy that will give them a LOUIS PHILLIPS,
